

JOINT RESOLUTION

BE IT RESOLVED etc. THAT:

Section 1. It is the sense of the Congress that, in addition to any existing exemption or waiver provided for in the immigration laws, the requirement of fingerprinting applicable to aliens applying for visitors' visas may be waived in the discretion of the Secretary of State, after consultation with the Attorney General. The admission of such alien to the United States shall be subject to any conditions and terms, in addition to those specified in the immigration laws, as the Attorney General shall deem necessary and proper.

Section 2: It is the sense of the Congress that the Attorney General, in respect to any alien in whose case fingerprinting has been waived under the authority of section 1 hereof, may prescribe special regulations waiving the requirement of fingerprinting applicable to aliens in the United States for thirty days or longer.
